Have you, or has one of the other parties concerned, come into conflict with the law during the past 8 years? Yes* No

*You only need to answer Yes to this question if this concerns one of the circumstances provided in the explanation associated with this question.

Explanation concerning the question regarding previous convictions

It is important for us to know whether you or another interested party covered by this insurance has come into conflict with the police or with the law as a suspect, or to carry out a (punitive) measure that has been imposed in connection with:

- Any criminal offence (or attempt to that end) such as theft, embezzlement, deceit, fraud, forgery, vandalism, damage, assault, extortion and blackmail.
- Any (other) criminal offence (or attempt to that end) which targets personal freedom or life.
- Infringement of the *Wet wapens en munitie (the Arms and Ammunition Act)*, the *Opiumwet (the Opium Act)*, the *Wet economische delicten (the Economic Offences Act)*.

If so, please indicate which criminal offence this concerns, whether this led to legal action, what the result of that legal action was and whether any (punitive) measures have been imposed. If the criminal offence did not lead to legal action, please indicate whether there was an out-of-court settlement with the Public Prosecutions Department, and if so, under which conditions the out-of-court settlement was made. If desired, you can send this information confidentially to the Management Board. This may, if required, be sent by e-mail to directie@meijers.nl.

Legal duty to report

You are obliged to answer the questions that are asked in this application form as completely as possible. This also applies to facts and circumstances that relate to a third party whose interests are also covered by the insurance. Furthermore, when answering the questions, not only your own knowledge, but also that of the other interested parties covered by this insurance is the determinative factor. If the insurance is partially being requested for the benefit of a partnership, a commercial partnership, or a legal entity, then the questions that are asked under 'Special Circumstances' and under 'General concluding question' also apply to:

- The members of the partnership.
- The (limited) partners of the commercial partnership.
- The managing director(s) under the articles of association/managing directors of the legal entity.
- The shareholder(s) with an interest of 33% or more (and if this shareholder/these shareholders is/are (a) legal entity/entities).
- Their managing director(s) under the articles of association/managing directors(s) and shareholder(s) with an interest of 33% or more.

You should nevertheless still answer, as completely as possible, questions to which you believe the company is already aware of the answers. If you are unable to, or have only partially complied with your obligation to disclose information, that can result in the right to payment being limited or even to this right ceasing to be effective, or the insurance being cancelled.

Personal details

Personal details are requested when insurance is applied for. These are processed by Meijers for entering into and executing agreements, to prevent and combat fraud against financial institutions, for statistical analyses and to be able to comply with legal obligations. In connection with a responsible acceptance policy, Meijers is entitled to consult your details at the Stichting CIS (*Central Information System Foundation*) in The Hague. The purpose of this is to manage risks and to combat fraud. The privacy regulations of the Stichting CIS (*Central Information System Foundation*) apply (www.stichtingcis.nl).

Dutch law

Dutch law applies to this insurance.

Complaints Handling Body

Complaints about the execution of the insurance contract first have to be presented to the Management Board of Meijers. Within one week you will receive a confirmation of receipt and an explanation about how your complaint will be dealt with. Should their judgement not be satisfactory to you, you can apply to the Stichting Klachteninstituut Financiële Dienstverlening (*Complaints Institute for Financial Services Foundation*). This institute is intended to offer you, as a consumer, one single port of call for the settlement of (threatening) conflicts with financial service providers and information about financial matters. You can always go to the court in the event of a conflict, but the Ombudsman and Disputes Committee which operates within the Complaint Institute Financial Services Foundation can offer you an alternative: in a relatively short space of time, an attempt is made to find a solution, or a judgement is passed on the matter.
